Andrew S. Licciardello, II born January 23, 1989, in Kosciusko, MS, from Pennsville, NJ, passed away November 25, 2021, while residing in Fort Myers, FL at the age of 32.

He is survived by his mother Patricia A. Labb (Stephen), his father Andrew S. Licciardello (Tara), his sisters Angelina Licciardello (Damiano), Adriana Licciardello, Amanda Madara (Kevin), Alexis Licciardello (Harrison), step-siblings Jordan Crampton, Kaila Ward (Jacob), and Stephen K. Labb, his nephews and nieces Liam, Ava, Ella, Amina, Andie, Sienna, Damiano, Luca, and Ludovico.

As well as grandparents, many uncles, aunts, cousins and friends.

Though some may say his life was short lived, Andrew would always say “Live as many lives as you can in your one lifetime”, and that is exactly what he did!

From his time traveling across the USA in his vehicle, to selling tie dye shirts on Venice Beach, CA, to tending a ranch in Colorado, to working on cell towers in Austin, Texas, to becoming a United States Marine in South Carolina, to the fishing boat experience in Alaska, to living the beach life in Florida, and we can't forget the few years he spent living abroad in Mexico learning to surf. He truly lived his life. His ultimate dream was to buy 20 acres of land and have all his family members living as neighbors on it. He wanted togetherness. He made new friends everywhere he went. Andrew loved his dogs Keanu and Kahlúa fiercely and gave them their best life. He was always there to listen and offer a different perspective. He was an explorer, a deep thinker, an old soul, a daredevil, an adventure seeker, a motivator, a money maker and saver, a joke cracker, a brother and friend to many and a loving son, nephew & cousin. We will be sure his life is remembered for how colorful and full of living it truly was. He will be missed deeply. We love you so much.

A celebration of Andrew's life will be held on Sunday, January 23rd, from 1:00 p.m. to 6:00 p.m. at the Sportsman's Cub located at 273 US-40, Carney's Point, NJ 08069

“ *Andrew is missed deeply by Mark and me, he started off as a tenant in my father in laws condo, but he grew into a friend very quickly. When we would visit Florida, Andrew would always come sit and chat with us, telling us about his many ventures. Of course, his pups would be there as well. Those dogs would always come over to visit us, (as I would tell Andrew, they sneak out to get treats from us). Andrew grew into being our family. Much love to you Andrew, RIP and keep watching over all of us. Love Debbie & Mark*
