“ So sorry for the loss of Dudley and I send my condolences to the family. I knew Dudley back in the 80's and he was like a big brother to me. The Weather brothers were tight and best of friends. The brothers played Baseball and I would cheer them on throughout the years! We all would go to concerts, Philly baseball games and Football games. I really enjoyed when the brothers and I would have Sunday dinner at Moma Ruby home. She made sure we all had a good homemade meal once a week. We played card games and other games and had lots of fun. It was great memories that I cherish. I use to cut his hair and he would conveniently forget to pay me. LOL! I still remember when he and his wife Darlene, took off to Hawaii and got married on the island. I thought that was so romantic. I remember Ruby was a bit upset because she wanted to celebrate her boys wedding. Unfortunately I didn't get the chance to know his children and grandchildren. I'm sure he loved them all! May the Lord bless your soul in heaven above, Dudley. I send my love and prayers to the family! God bless you all! Love, Debby (Epright) Starks

“ I had worked with Dudley at Cowan for a number of years, we became good friends, we would tell each other about our vacations, he really loved the Jersey Shore. Our shifts would coincide with each other so we would walk in together or walk out together at the end of the the day, always making each other laugh by saying 1 day down , 3 to go or 2 days down, 2 to go....no matter how good or bad the day was, we always had a good laugh. All around good person, he is missed, prayers to the family.

My main man and brother Dud / Stud says it all. Our friendship was a blessing to myself and worked together at NFI and A to Z Transportation. Dud was a gentle giant always true to his word. A lifetime of adventures throughout the country never a dull moment and Eagles fanatic. Words cannot express my sadness and loss of a great person and lifelong friend. Condolences to Dar, Jay, Allison and the entire Weatherbee family.
