“ Homer always had a big smile for me and made me smile in return. We could not always understand each other but we found ways to communicate. He loved his family very much and will continue to do so, just from a different location. The last time I saw him, he had that big smile on his face. We laughed and hugged together. He will be missed.

“ To Frank (Jr.) and Staci, I am sending thoughts and prayers your way and know that this is another hard event to face as this last year and a half have been with too many of these celebrations of lives. There are never answers that we understand or can fathom as to why these things happen when they do, but I firmly believe that God will find some good in these trials and provide you with strength and in the long term some peace of mind as we keep the fond memories. Love you guys. Uncle Gary
