“ Just reminiscing today about Mr.Renner, we adored him at KHS. He was substitute during my senior year in 2003. Made such an impact, so much so, I included him in my senior quote. Thank you Renner

“ My sincere condolences to the Renner family, May he rest in peace. He was a great guy, he always had a smile and a good word for everyone. I was so glad I got a chance to talk to him at my 50th Reunion (class OF 1969), in 2019. I remember the Rennner family well, I grew up right around the corner from them.

“ *Linda and family,
Being in Florida for part of the winter, it is sometimes difficult to keep up with the news. Just became aware of Fred's passing. Many, many, fond memories of high school years and beyond. We have lost a good friend.

“ *I was so saddened to hear of Mr. Renner's passing. Hands down, he was my favorite and best teacher I ever had. If merit pay really existed for school teachers, no Board of Education could have afforded to pay him what he was worth. He instilled lessons in his students they could carry through life that extended far beyond a math classroom or a wrestling mat. He was well known and well liked by three generations of my family, my grandmother, my parents and myself. Anyone who had the privilege to know him was all the richer for it. RIP, Mr. Renner*

“ *Mr. Renner was a local legend, a wrestling icon, an incredible math teacher and an outstanding example of human kindness, focus, dedication and discipline! He inspired his students to be the best they could be at whatever they chose to do, to win with honor, lose with integrity and treat others with respect. He led by example and taught from experience. His example will live on in his students, their children and their children's children. I know he's got that Fred Renner smile looking down over us all. Rest in peace Mr. Renner...your spirit lives on in all those you touched.*

“ *Condolences to the family of Mr. Fred Renner. I was on his Freshman football team at PGHS in 1967. The very first meeting he had with the team that year he talked to us about being dedicated. Apparently that was something he advocated his entire coaching career which I’m sure was a main contributing factor to his own and his players success. I remember one night near the end of football practice when we were doing wind sprints Fred shouted out “you guys are getting a lackadaisical attitude.” I immediately learned a new word from the appropriate context in which Mr. Renner used it! He had no qualms about calling it as he saw it. Our team that year was undefeated. He worked his team into champions , and there was a lot of fun along the way. Mr. Fred Renner was a spirited and enthusiastic individual who was passionate about what he did. He was always quick to offer a warm smile.*

“ Mr. Renner knew the name of every single student at Kennett High School. All 1,500 students every year. Each year he'd learn 300 new names to replace the ones who graduated. I can't imagine the memory and dedication it took. Mr. Renner appeared to have a sixth sense when it came to people. He knew you just by a few conversations. He remembered you and was an excellent judge of character. He will truly be missed.

“ We were so saddened to learn of Fred's passing last Wednesday. He certainly fought hard against all the health challenges he faced. It was quite by chance that my sister, June, and I met Fred and Linda at Lewes Beach several years ago. We continued to sit together many spring, summer, and fall weekends at Lewes Beach 2. We laughed and loved to hear his stories of his teaching and coaching days, his daughter, Chrissy, his grandchildren, and his life with Linda. We continued to stay in touch throughout the winter months through phone calls and cards. Not one time did he or Linda or my sister and I end a phone call or a note in a card without saying we love you two. Our thoughts and prayers to the entire Renner family, and his previous students and athletes, that have continued to remain friends, after all these years. Lewes Beach has lost the best "Cabana Boy" ever. We will miss you!

“ Sending deepest condolences from our family to yours. My brother and I both had the honor of knowing Mr. Renner from KHS in our days there and have only the fondest memories of him. To this day, I still share the story of how he “ditched” his 50th high school reunion to be in attendance at my class’ graduation. I was so blown away by his generosity I actually wrote to the paper back then and though I might share: https://www.southernchestercountyweeklies.com/news/teacher-is-a-hero-to-kennett-senior/article_b55aaf55-70c3-583e-9668-cd2ef6da1efb.html His kindness and selflessness to this day still leaves me in awe. The man will be missed and we pray for your family in this time of sadness.

“ To the family of Mr Renner my deepest sympathies and prayers. I knew Mr Renner as a teacher and football coach at Penn's Grove High School in the late 60's . Double sessions were always a little more survivable when he was in the field during those dog days of late summer. Later in life though another student from that era, Lee Murphy, I had occasion to be with Mr Renner occassionally. As I knew him from many years before he remained the energetic, full of life, exuberant person who could regale you with stories of Penn's Grove's glory years. Fred, as I got to call him, will miss you. You are a true American hero.

“ Mr. Renner will always be remembered as a model human being. I was lucky enough to have him in school and service his vehicles at our family shop years later. When Mr. Renner showed up it was wrenches down and everyone would come say hello. I never met someone who could brighten up a room with a smile like him. Even when he would tell me how tired he might be or his back was bothering him he always kept himself in high spirits. Thoughts & prayers to his family, i hope it brings them peace to know that he touched so many lives and will live forever through his community. RIP Mr. Renner you will be missed.

“ I can remember this guy coming to the Middle School when I was in 7th grade, he said my name is coach Renner They had us meet in cafeteria after school he said I'm here to talk to you about wrestling we have a program starting this summer for 2 weeks. He was with the assistant coach Odell Cleveland I had no idea what HS school wrestling was all about however I signed up and talk some of my friends into signing up. In my 8th great year he started a team called the junior Grapplers My life had changed that day. Because of Coach Renner because of that day I'm still involved in wrestling after some 50 years. Graduated high school and went on to have a solid career as a union carpenter it not necessary what I learned in school but what I learned in that practice room that made me a better man. Thanks coach till we meet again..Love Ya

“ *A legend who has deeply influenced so many young men and women through his teaching, coaching, mentoring, and example for so many years has left us with a sadness that is extremely difficult to put into words. Coach Renner has been a friend of our family since before I was born. He convinced me to be the first female scorekeeper for the PGHS wrestling team. For four seasons, he instructed and expected a detailed regiment for keeping the record book. Because of his standards, I was able to secure a part time job as a stringer for the local newspaper covering matches across the state of NJ. What he taught me is immeasurable. His dedication to the sport of NJSIAA wrestling will forever be remembered. Thank you, Coach, for being a part of my life. RIP!*
