“ I have known Kevin all of my life, as being a friend of the family and him growing up with my parents. So when I needed insurance, I knew only one man would do the job. And no matter what, every time I walked into the office, he greeted me with a smile and would jump to help immediately with anything, big or small. He always needed the latest updates of my life, especially when I got married and had my children. And I know that, friend or not, he would provide me the best service and care. My “quick stops in the office” would never just be quick. And I would send anyone I knew his way, knowing he would take as good a care of them as he did me. I am so sad to hear of his passing. He was such a kind soul who touched so many lives. Sending all my love and prayers to you and your family. He will so truly be missed.
