Well that was easy to pick out the sunshine, for Margie was always that...a light that shined the way & day.

This one post/picture grid was an accident, as the spelling of my name...lol...but that's me; my actions are quicker than my thoughts. I had to have the sunshine, however since it's here I want to add that to know Marge (Large Marge) b/c she was larger than her small stature, and she knew I meant that & laughed about it too... as I am sure others know as well. Those who knew her love her...and those who don't- simply did not know Margie is all.

Our heartfelt heartfelt thoughts are with her family & so are our prayers. We pray that they're heavy hearts will mend with Godspeed. Perhaps they borrowed the heaviness already & the weight of sorrow has lessened. All knew that the expectants of the passing over exceeded the typical results, but like I said, she's not small at all, her strength & spirit was above the average, but so was Margie...she truly was larger than her size~??????~?~
