“*Andrea and I are deeply saddened at hearing of the passing of our friend Marie. Our deepest sympathy to the family. We first met at work and then found that we were township neighbors. We will miss her infectious smile and her loving heart that could always a good thing to say about any situation. We were looking forward to reconnect face to face over the holidays since we moved away a few years ago. But we are thankful that we had shared time over the years. We miss you Marie.*”

“ I will miss being with you. Whether it was camping going to doctors or just hanging out and having lunch. A large part of me went with you when you left. I know you will be there on our big day. I just won't be able to see that big smile. So rest in piece my cousin,best friend and matron of honor. Love you b
