“ My dad was a great man and he will surely be missed by family and friends. He loved being the host for Summer BBQs and he was always the life of the party. He loved going to the Jersey shore and we never missed a chance to ride the go-karts under the pier/boardwalk down Wildwood.

He was a big influence in my life and his love of music definitely rubbed off on me. He actually took me to my first few concerts back in the late 80's and over the years we have been to many many great shows. He was the only person I've ever seen who would watch TV on mute only to have his music playing in the background.

He loved his grandkids and he would rarely miss a game when the boys (Max and Alec) played little league. He also loved all the bowling birthday parties for the grandkids over the years. Going to the gun range was always a blast too.

These are just a few of many many Great memories I have of my dad. Our family will be reflecting on these Great memories to get through this huge loss.

“ I am forever grateful to not only have had Bob in my life but also for him to be a grandpa to Savannah and little Rob. The words “proud grandfather” do not even begin to explain the bond he had with these babies. I wish we all had more time but we will always keep his memory present in their lives through photos, videos, stories.

“ I enjoyed spending as much time as possible barbecuing, playing horseshoes, riding harleys, shooting guns, and working on many flip houses together with my dad. He would do anything and everything for his family and loved them very much.

He always hosted the best barbecues and parties and was always the life of the party.

He loved spending every minute he could with his grandchildren, holding them, playing, swimming, watching them, and taking them to wildwood.

He was the best father, father in law, and grandfather. He will be greatly missed by all.
