“ I knew Sandi from working with the church youth group. Sandi was always a take charge type of person she always knew what to do. I would stand there not knowing what to do or what my role was Sandi would always come to my rescue she would say Theresa you need to do this or that or whatever she always made me feel like I was part of the team and I have always appreciated her help and direction She was a great lady who will be greatly missed and she will always have a place in my heart Rest in Peace my sweet friend there's no more pain now .
